HAROLD,

How are you doing? I sincerely hope that you are OK and that LIL is better.

I Don't know how things got off track But I would like to make AMENDS for whatever I did to cause it.

ON MY LIFE, I DID NOT take the LITTON file or the MDW file. Hopefully, you believe me. IF you do not then I AM truly sorry that you feel that way.

My second Purpose in writing you is I AM searching for a Report written by FBI Agent NEWSOME in 1963-64 Relative to the BRONSON FILM. Could you please send it to me if you HAVE it or if I AM NOT BANNISHED from your Home could I come get it?

I know that my association with Harry HAS caused me countless problems But I Honestly Believe that He

is on to something big. I have done everything possible to stay out of the internal conflicts that he has with the researchers.

Well, I know you are busy so I will let you go. Take care.

Respectfully,

Rick
